Class Schedule (As of 5.2.2019)

1-17	Introductory Review 1.1 – 1.4 Building and Applying a Linear Function (1.6)									
	1.1 –1.3 Look through the problems and work the ones you need to review.			1.4 1.4.1 Review 1.4.2 Do 1.4.3 Read		1.6 1.6.1 Do 1.6.2 Read 1.6.3 Read 1.6.4 Do 1.6.5 Do 1.6.6 Do				
1-24	Functional Notation (1.7) Linear Systems (1.8 – 1.9.3)									
	1.7 1.7.1 Read 1.7.2 Read 1.7.3 Do	1.8 1.8.1 Read 1.8.2 Do 1.8.3 Do 1.8.4 Skip 1.8.5 Read	1.9 1.9. 1.9. 1.9.	1Do 2 Do 3 Do						
1-31	Linear Systems (1.9.4 – 1.10.1) Exponentiation (2.1) Polynomial Review (2.2 and 2.3) Factoring Review (2.4 and 2.5)									
	1.9 1.9.4 Do 1.9.5 Skip	1.10 1.10.1 Do	1.10 1.10.1 Do		 	 2.2 – 2.3.2 Read and work any problems you need to review. 2.3.3 Do 	2.4 2.4.1 Review 2.4.2 Review 2.4.3 Do 2.4.4 Do 2.4.5 Do			
2-7	Polynomial Prime Factorization (2.6) The Zero-Product Method (2.7) A Quick Review of Square Roots (2.8) The Quadratic Formula (2.9)									
	2.5 2.5.1 Review 2.5.2 Review 2.5.3 Do 2.5.4 Read 2.5.5 Do	2.6 2.6.1 Do	2.6 2.6.1 Do			2.8 2.8.1 Read 2.8.2 - 2.8.6 Do	2.9 Do all sections.			

2-14	An Introduction to Quadratic Functions (3.1) Quadratic Function in Standard Form (3.2) Test 2 1.8 – 2.5									
	3.1 3.1.1 - 3.1.3 Do)	3.2 3.2.1 - 3.2.5 Do	3.3 3.3.1 Do						
2-21	Solving Quadratic Equations in vertex form (3.3) Quadratic Functions in Vertex Form (3.4)									
	3.3 3.3.2 - 3.3.3 Do		3.4 Do All							
2-28	Completing the Square to Solve Quadratic Equations (3.5)Test 3 2.6 - 3.2Simplifying Square Roots (4.1)Beginning to generalizing Operations on Roots (4.2.1)									
	3.5 Do All		4.14.2.1Review of introductory algebra material. Read and do those problems you need to review.Do All							
3-7	Beginning to Generalize Operations on Roots (4.2)						actoring review test to earn up 25 points on test 2. It's not ecessary to take this test.			
	4.2 Do All	II 4.3.1 Do All								
3-14	Spring Break No Classes									
3-21	Solving Square Root Equations (4.4)Test 4 3.3 -Square Root Equations with Unlike Terms (4.5)							l 3.3 – 4.3.1		
	4.	4.1 and	d 4.4.2	4.5.1 and 4.5.2						
3-28	Operations with Equations with An Introduction	Operations with Rational Exponents (4.6) Equations with Rational Exponents (4.7) An Introduction to Logarithms and Exponentials (5.1)								
	4.6.1, 4.6.2, 4.6	5.4	4.7.1	5.1.1-5.1.4						

4-4	No On-Campus Class. Please watch the videos. An Introduction to Logarithms and Exponentials (5.1) Applying Financial Formulas (5.2) An Introduction to Exponential Equations (5.3)							Test 5 (Take home test)				
	5.1.5 and 5.1.	6 5.2 All 5		5.3.1	-5.3.3							
4-11	Beginning Exponential Functions (5.4) The Logarithmic Rules (5.6)											
	5.4.1, 5.4.2 and 5.4.3 11-15, 17-19 5.6 All											
4-18	Solving Logarithmic Equations (5.7)Test 6Reviewing Linear Inequalities (6.1) (On your own.)Test 6Solving Absolute Value Equations (6.2)Solving Compound Inequalities (6.3)											
	5.7.2 all, 5.7.	3 28-42	6.1 Review on your own				6.2	.2, 6	.2.4	6.3 All		
4-25	Solving Absolute Value Inequalities (6.4) Reducing Rational Expressions (8.1) Rational Products (8.2) Rational Quotients (8.3)											
	6.4 All	8.1 All	8.2 All 8.3 1-22				(If you're going to 1119 then 1-35)					
5-2	Beginning to Add and Subtract Rational Expressions (8.4) Continuing to Add and Subtract Rational Expressions (8.5) Variation (8.8.2)											
	8.4 All	8.5 All	8.8 6-2									
5-9	Rational Equations (8.7) Operations on Functions (7.2) Imaginary and Complex Numbers (9.1)											
	8.7 1-14	7.2 1-20	9.1 1-30									
 5-13 or 5-14 Test 8 will be available as a replacement test. It will take the place of your lowest test. You can take the test Monday 5-13 at 10:10 – 11 in L-3000 11:15 – 12:05 in T-3930 2:30 – 3:30 in K-3350 or Tuesday 5-14 at 10:10 – 11 in L-3000 												
11:15 – 12:05 in T-3930
